

We can simplify and speed-up your application process together – therefore kindly send us the entire set of documents as scanned copies via e-mail in advance. If you have done that already and got further instructions on your application, kindly proceed to the next step. Thank you!

Please note that all copies have to be not only translated but also certified by the interior authorities of the issuing country and by the German representative authorities abroad (embassies, consulates). So kindly only send us the accredited/certified copies and the official translated copies - not your originals *

All documents not marked with * can be sent as regular copies.
Either German or English translations are accepted.

Our address:
